

Downtown | Midtown Tunnel - MLK Boulevard Extension Project

This project in Hampton Roads, VA includes installing a new Midtown Tunnel while rehabilitating the existing Midtown and two Downtown Tunnels. In addition, the MLK extension is 1.2 miles of bridge/elevated roadway connecting the MTT with I-264, and also includes a flyover and multiple ramps and widening. NXL has been providing oversight for quality control / quality assurance, as well as overseeing the following activities: mobilization, building demolition, clearing and grubbing, environmental controls, and demolition and removal of existing concrete structures and appurtenances.
