

Northern Virginia District Wide CEI Contract I

NXL currently is providing inspection services, construction management, office engineer, utility inspection services and other duties. Services include inspecting and monitoring rehabilitation construction activities of the highways and roadways in residential and commercial subdivisions, inspection of contractor's operations to ensure contract compliance with state and federal requirements, and maintaining project documentation using SiteManager for various projects and maintenance schedules.

Inspectors on this project ensure that construction project schedules are completed on time, on budget and within standards while ensuring safety as the top priority. Through interaction with VDOT staff, prime-contractor, sub-contractors, county employees and the traveling public, inspectors also manage, administer and enforce the terms of scheduled construction contracts.

Highlighted projects under this contract have included:

- Rte 606, Loudoun Co. Parkway/Ox Road Reconstruction and Widening-Design Build, 0606-053-983, C501
- I-66/Rte 15 Interchange Reconstruction Project, 0066-076-074, C501, B678, B680
- Bridge Repair at Rte 27 over Rte 110, 027-000-102, C501, B603
- Rte 66/29 Interchange Reconstruction, Project No. (FO) 0066-076-113, C505, in Gainesville, Prince William Co., Virginia. Quality Control Inspection on bridges (footings, abutments, piers, caps and bridge decking)
